

FOREST CARBON

This certificate acknowledges that Mercurius IT Ltd. offset 130 tCO₂e through verified Carbon Reduction projects in Indonesia and Guatemala on

26th September 2022

Helping fight global climate change and promote environment sustainability for future generations.

A close-up photograph of a person's hand holding a small green seedling with two leaves and a small bud. The hand is cupped, and the soil is visible at the base of the plant. The background is a blurred green forest.

Samuel Welsh
